

## Racing Bet Data Coronavirus (COVID 19) NOTICE:

Due to the outbreak of coronavirus, all GB racing has been suspended until end of April 2020. As it stands, racing in Ireland will still go ahead. Our Site will remain active and functioning throughout with full access to any daily racing, as well as all the historical information still available. We will ensure all payments of monthly members are SUSPENDED with NO payments taken until racing and football returns to some form of normality.

In return, we would respectfully ask you to appreciate the knock on effect this outbreak is having and will have on small businesses such as ours. We'd hate to see years and years of hard work undone through this outbreak. We've always kept our prices to a bare minimum and refused to splash intrusive ads all over our site, in an attempt to make it as user friendly as possible. Please stay as loyal as you can by supporting us through this difficult time, so we can come out the other side ever better and stronger.

We will be using these few weeks to implement system upgrades and site improvements to ensure that when full systems are restored, we are best placed to continue to give you the service you deserve.

Thanks for your understanding.

Racing Bet Data Team
